

## INNOVATION CLAIM

GENkids is a geo-locational mobile app that connects parents and those with young children, ages 0-5 years old to kid-friendly places, activities, and events that prioritize being sustainable and eco-friendly, with added features that build community connections.

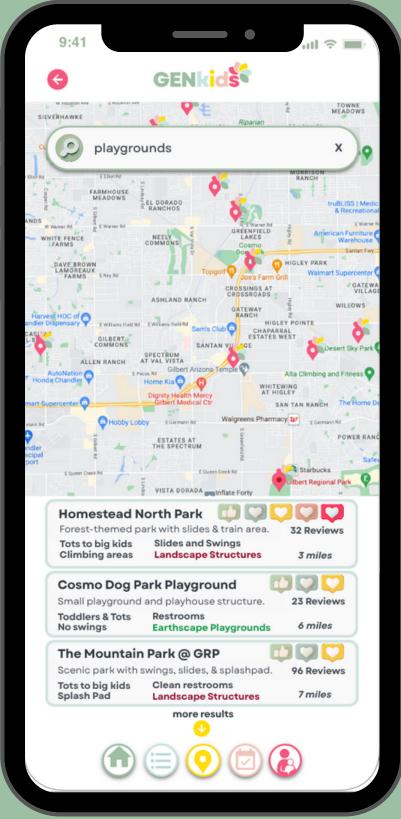

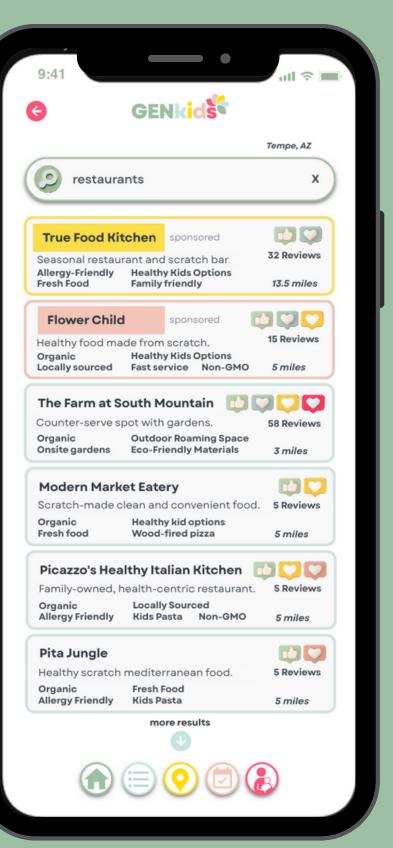

genkids.godaddysites.com

Users can search by listing, map, or date to find places that have been certified, verified, or designated as sustainable and ecofriendly by GENkids or third-party rating organizations for its mission, purpose, product, service, or any other aspect.
